**Subject:** Hudson river

Jeff imelt has requested a mtg with lisa jackson to discuss hudson river and then climate change. He is scheduled to meet with carol browner in the white house on sept 23. They will argue that they cannot commit to phase 2 without a better definition of the remedy and related costs. Walter, can u draft a not very long briefing memo for carol browner and the administrator. Get me a draft to reeview and then I will work with hq to get it submitted. Thanks
